IMPORTANT STITCH NOTES:

While these graphs were designed with C2C in mind (hence the direction of the arrows), **I will be using straight HDC** as my stitch for this CAL.

TO DO AS I DO, chain 13 (11 + 2 turning chains). Start in the 3rd ch space from the hook and begin row 1. Work 2 HDC per block on the graph. Repeat each row twice. (Each block = 2 HDC wide x 2 HDC tall.)

The first time you work a row, work from right to left. The second time you work a row, work from left to right. Then continue onto the next row.

IMPORTANT NOTE:
Arrows on the graph are designed for C2C!

IMPORTANT WRITTEN INSTRUCTIONS NOTES:

These written instructions include color/stitch counts for doing 2 HDC per block. **HOWEVER**, the rows are not doubled here. Simply do each row twice to reach the correct height/aspect ratio.

The first time you do a row, read the written instructions for that row from left to right. The second time you do a row, read the written instructions for that row from right to left. Then continue onto the next row.
